PRIZE KNIFE, NOT FOR SALE

ILLUSTRATED CATALOGUE WITH NET PRICES ATTACHED.

All goods advertised in this Catalogue are strictly first-class and warranted to give satisfaction. We have no auction goods, job lots, or anything of that nature. Goods not opening as represented, or not proving satisfactory can be returned at once. The prices are marked without adding anything for the cost of selling goods, such as agents' expenses and salaries, license fees, bad debts, etc., and are intended only for **A 1** trade with prompt pay. To such we can give 60 days time, or 5 per cent. for cash in ten days. By special arrangement with the Express Companies we can deliver these goods at any express office in the United States, at the rate of 10 cts. for each dozen, or they can be sent by registered mail, which is perfect security against loss, in which case the postage is 30 cts. a dozen. The rate by mail or express is the same whether the distance is 100 or 3000 miles. This is particularly advantageous to people doing business in distant places where the freight charges are extravagantly high. Besides there is no delay in receiving goods which is always the case when they go by freight.
