

## Salem, Ore

The Judson House is built this year on property that had belonged to this pioneer missionary family for 100 years and was their farmland. **Lewis Hubbel Judson** came to the Salem area as part of the "Great Reinforcement" to the Methodist Mission in 1840.

Another noted resident was a grandson, Lewis Edward Judson, who lived his entire life in this location. He was a local historian who wrote many articles about early life in the Willamette Valley. The property passed from the Judson family in 1980.
