Gentlemen:-

Your favor received. We do not send balls as we think you have made a mistake in size, 2-1/4 inch being size of Pool Balls, and 2-3/8 inch size of Billiard Balls. Please write us regarding the size, also colors you want, and whether you want Clear or Barky Ivory?

Very truly,
THE McCONIHE & HUBBELL M'F'G. CO.,

NOTE CHANGE IN PRICES
OF
IVORY BILLIARD AND POOL BALLS.

We carry at all times an enormous stock of best soft Zanzibar Ivory, which is always on exhibition at our warerooms.

We have a representative at all London Ivory sales who is an expert of many years' experience and who is constantly purchasing billiard ball ivory for our use.

We have every facility for importing, cutting, turning and seasoning ivory billiard balls, so that we are at all times prepared to supply the trade with best thoroughly seasoned stock.

Prices on ivory balls are subject to change without notice.

We send to our customers a monthly quotation, as prices are constantly changing.

We do not guarantee ivory balls and will not be responsible for them after they leave our hands.

We advise dealers not to sell or buy ivory balls during the winter months, as the best seasoned balls are apt to crack if put on the table new during the cold weather.

NOTICE.

In future we shall sell Ivory Billiard Balls in three grades. These grades do not denote any difference in the quality of the Ivory, as it is all of the very best soft Zanzibar stock. It applies only to the **appearance of the clear balls**, and does not apply to barky balls.

Grade A means that the clear balls in the set are very white and free from rings and other marks which detract from the appearance of the balls.

Grade B means that the clear balls in the set are slightly ringy, but otherwise first-class in every particular.

Grade C means that the clear balls are quite ringy, but are perfectly sound and first-class otherwise.

Grade A.
