Dear Sir:-

Yours at hand and contents noted. If your people want to start a stock company I can furnish you an experienced processer that would take some stock in the factory and go in with you. Or if they will pay a reasonable bonus I think he would start a factory on his own responsibility, and run a good one, I think he would want about four thousand dollars bond and he would probably use about one hundred and twenty-five men. Would be pleased to hear from you in regard to this matter.

Yours respectfully,

O. Hubbell.

Dear Sirs:

HAVE YOU ANY SECOND-HAND MACHINERY FOR SALE? If so please send me a description of it and prices. I am having some demand for second hand machinery and may be able to sell it for you. If you are in need of any machinery of any kind, please give me a list and let me make you a price on it. It will only cost you one cent and may save you several dollars. Do not make the mistake of thinking that because you want a special make of machine that you can buy cheaper of the manufacturer, for sometimes that is not the case. Send me a list of what you have for sale and what you want to buy and let me give it a trial.

Yours respy,

O. Hubbell.

I now have two second-hand Sprague Corn Cutters for sale cheap.  
Write for prices.
