

weather. The work will be complete in seventy-five days.

The "Rescue" and Crew.

To-morrow this beautiful craft will leave her moorings at the Crossing and head down stream for Fort Pease. Commodore Ben Dexter will assume command, and the following parties will form a portion of her crew: "Muggins" Taylor, Carter, Ben Walker, Jim Dewings, Henry Porter and J. Woody. It is expected that Hubble, Charley Cox and Nelse Weaver will join the crew. The "Rescue" has a crew of tip-top, No. 1 mountain men and carries with her a large cargo. The best wishes of the community accompanies the boat and her gallent crew, and we all pray that they may not meet with the slightest trouble on their praiseworthy trip.—*Avant Courier*, 23.
