

CHARGED WITH BIGAMY.

John Hubble Arrested on the Edge of Collin County and Taken Back to Montague.

Correspondence of the Gazette.

MONTAGUE, TEX., Dec. 14.—Sheriff L. S. McLain and Deputy G. M. Bash brought in from Denton county yesterday evening one John Hubble, charged with the offense of bigamy. John came into this county some time about the 1st of September last, and formed the acquaintance of Mrs. Callie Jones, a widow lady living about four miles south of this place, and some time afterwards they were married. Mrs. Jones had a very good little farm and some stock, John took a horse and went west and stayed about a month. He came back not a great while since—out of money, and without the horse. After staying at home a week or so, he left last Saturday with a wagon and team belonging to his wife, and started in the direction of Denton county. The officers here received a telegram from the sheriff of Denton county that he had a living wife in Denton county. A complaint was filed, a warrant issued, and the sheriff followed him and arrested him on the edge of Collin county, and brought him and the wagon and team back. It is thought that he is a hard case. The officers are in receipt of several letters making enquires about him, stating that he is suspected of horse stealing, and Deputy Sheriff R. A. Nix thinks he has one of the horses located at Wichita Falls. His last wife (Mrs. Jones) came in to see him, and is trying to make bond for Hubble.
