Plans Adopted for the Erection of An Elegant Building.

Waxahachie, Texas, October 22.—The Trinity university building committee and board of trustees remained in joint session until 3 o'clock this morning before they came to a decision relative to the plans to be adopted for a building. The contract for plans and specifications was awarded to **H. H. H. & Green of Dallas**. According to the plans adopted, the building is to be built after the most modern designs, and will be four stories high with an observatory on the top. The main building is to cost not less than \$50,000. The committee hopes to be ready to receive bids by the 15th of November.
