

Hubbel Signs Contract.

The first Giant contract to be received at local headquarters arrived yesterday from **Wilbert Hubbel**, who sent it from Idaho. Last year in Marlin Wilbert was touted as a second Walter Johnson. Like the great Walter, Hubbel comes from Idaho. He has a strapping build and is a right handed pitcher.

Hubbel showed much promise. He is a young Beau Brummel. He brought tales to Marlin last spring of doing sensational stunts on the football, baseball and basketball teams of his town high school. Last year he was put to pasture in the Western League, and when that circuit blew McGraw sent him over to Tom McCarthy's Newark team.
