# PERMA'S NEW BRIDGE IS OPENED TO TRAFFIC

---

Green Springs, May 17 —(Special.)— The new bridge at Perma was completed and opened for traffic Sunday afternoon. The farmers of this vicinity are very jubilant over the fact, as it does away with the ferry. The first wagon to cross over it was **J. M. Hubble's**, and its occupants were Henry Bill, William Campbell, A. M. Johnson, of this vicinity, and Thomas Malee of Butte. The first automobile was Charles Bulware's of Butte.

Arrangements are being made for a picnic and celebration in dedication of the bridge on May 22. President J. M. Hamilton of the Montana state agricultural college has promised to be present and deliver an address of interest to farmers.

# GREENSPRINGS

Greensprings, Aug. 15.—(Special.)—A big part of the fall wheat has been threshed in this vicinity and some good sod crops have been raised. Gregg Johnson's turkey red averaged 30 bushels to the acre.

Harley Rennie of Plains was here yesterday, calling on his many friends.

Jessie Buswell and William Campbell went to Plains on the 12th with their witnesses, **J. M. Hubble**, Henry Bill and A. M. Johnson, to offer final proof on their homestead entries before United States Land Commissioner H. J. Burchleigh.

The new road from here to Perma is rapidly nearing completion. Supervisor H. A. Gilbert calculates that he will have it finished in four or five weeks if unforeseen difficulties do not arise. The farmers of this vicinity expect to have a gala time at Perma when it is completed, in celebrating its completion and the new bridge.

Robert Muir is enjoying a visit from his folks of Kansas City.
