William **Hubble** sold to Morris Farris, of Boyle, 23 feeding cattle at 3 cents.

FARMERS

Are pretty well through sowing wheat. There is a large area put in this Fall.

RELIGIOUS.

Rev. Dr. Hays will preach at Bright's School-house next Saturday night at 7 o'clock.

STRANGE BIRD.

Mr. J. W. Engleman killed on Friday last, with a Minnie rifle, about 300 yards, off-hand, a rare bird for this country. It was a tall, slender bird, like a Crane, but the body was not so large, its beak was two or three inches long, and had claws like a hawk. Mr. Engleman says when he first discovered it, it was standing in water about two feet deep.

PERSONAL.

Miss Clark Engleman has been quite sick for the last two weeks with Pleurisy. Mr. Joe McDonald, of Spencer, county, is visiting relatives in this neighborhood. Mr. Andy Spoonamore, clerk at the Commercial Hotel, in Stanford, is at his father's, near this place, taking a little recreation. Messrs. Green Bright and R. L. White attended Presbytery at Walnut Flat, last week. Mrs. Wm. **Hubble** has been quite sick for several days.

A HUNDRED DOLLAR SLUT.—We are told that Mr. J. H. Engleman has been offered \$100 for Latis, his little slut that won the great race near Lancaster, on Friday, the 24th of January.

REBUILDING.—C. B. Engleman and Brothers, with the assistance of a number of their good neighbors, are busily engaged in repairing their mill-dam that was knocked down by the ice, and will be ready in a short time for grinding again.

ENGLEMAN'S MILL.—It has been suggested by some of our oldest citizens that our former name is not appropriate to our little burg, hence, from this time on we will write from Engleman's Mill, it being a place of more notoriety than Pingtown.

SICKNESS.—We are glad to know that Mr. William Hubbie is convalescent. He says that he hasn't taken a dose of medicine in forty years before this spell..... Miss Susie Farris was quite sick last week..... Mr. C. V. Gentry has been suffering a great deal with about a dozen large boils on the back of his neck.

Among the Stallions on exhibition here Monday, were E. L. Powell's beautiful dark bay, Abdallah Glencoe; Wm. Hubble's splendid saddle horse, Young Stonewall; M. T. & M. S. Russell's extra trotter, Waterloo; G. W. Alford's handsome combined stallion, Screamer, and S. H. Baughman's Lincoln Chief.

WHY IS IT

That there are double as many

CHAMPION MOWERS & REAPERS

Used by Lincoln County farmers than all other harvesters combined?

BECAUSE They are perfect and simple in construction; they are of light draft and make no sore necks; they are the most durable machines made; they will save all the crops that any other machine will and some that others can not; they never choke no matter how wet or tangled the grass or grain may be, and, in fact, because they are the best.

They are used and endorsed by the following long list of well-known Lincoln County farmers:

-- On Monday, April 17th, a man calling himself Frank Yewell, and claiming to be a citizen of Kansas, came to **Mr. William Hubble's**, in **Lincoln county**, for the avowed purpose of buying a Jack. It was probably late in the afternoon when he got there and he accepted the hospitable proposition of **Mr. Hubble** to stay all night. During the evening he was engaged in conversation with the three sons of his host, and the talk drifted to the subject of Jesse James' "removal." He was greatly in sympathy with the James boys in all their trouble, and entertained his listeners with minute details of their escapes in several instances, especially of their escape after the Northfield bank robbery, giving several particulars which could have been known by none but the actors themselves, and which in the knowledge of the young men had been published in no newspaper. This, with the fact that this man filled exactly in build, age and feature, a lately published description of Frank James, and the facts that his hair had been dyed, that he limped in his walk and that the first finger of his right hand was off at or near the second joint and which he said had been taken off by a cutting bar, a thing almost impossible, as cutting boxes have a preference for the left hand, convinced **Spencer Hubble** that their guest was no other than the notorious Mr. Frank James. His suspicion was not made known to Frank, who was so much taken with Mr. Yewell that he shared his bed with him that night, but you may bet your last dollar Mr. Y. might freeze before Frank would "spoon" for him again, unless persuaded by the three improved Smith & Wessons the stock man carried. Tuesday, April 18th, was the day set for Wm. Austin to hang, and had that affair taken place Mr. Yewell (?) or Mr. James (?) intended to witness it, as it did not and he had failed to buy the Jack from **Mr. Hubble**, he left, staying that night at Mr. Logan Caldwell's, in Boyle county. I understand he has since been in the city of Stanford. Mr. Caldwell says, so I heard, that whether his name was what he said or not, he did not talk like a trader, and he is satisfied that part of him was a sham.

NOTICE TO HORSEMEN.

HUBBLE.

—From my unfavorable surroundings for the last few days, I have been unable to gather any items for your highly appreciated paper, save the **Hubble** conflagration, about which so much has already been said, correct as to facts and figures; but one thing I wish to say, and that is that I never will forget my many good friends for the sympathy they have shown me and my family in our loss. I am also thankful for the uniform wishes of this community that I go into business again, about which I will have to answer later on, as it takes money to buy a stock of goods. The postoffice will be kept at my dwelling till we further decide. Wm. **Hubble** will build as soon as the different contractors can send in their bids on his plan. I will say it is a good point to sell goods and more good clever people around it than any community I ever lived in; though it has been that twice before this in the last four years my store has been robbed of small amounts, and for which I now offer a reward of \$100 for the conviction of the party or parties breaking and firing it last Friday night, the advertisement of which you will see elsewhere in the columns of the I. Elder George Gowen will preach at the Christian church here Sunday afternoon at 2:30. Mr. Wm. **Hubble** had his son, Spencer, brought home from Lexington Asylum Sunday on account of his failing health, that he might wait on him better than he could be attended to over there. About five weeks ago he suffered a paralytic stroke; since that time he has been unable to walk without a support and can not speak distinctly yet. He seems to know his nearest friends, but does not give them or anything else much attention. He is perfectly harmless and sleeps a great deal of his time. J. A. Hammonds and Ed Miner are in Louisville this week, the former bringing new stock of goods and timber, and the latter bringing his father. R. HUBBLE.—After a short illness, which began with an attack of colic, Mr. Wm. Hubble passed to the beyond at 2 P. M. Tuesday, aged 84 years. He was a native of Pulaski, but came to this county a quarter of a century or more ago, after marrying a Miss Hudson, who survives him, as does five children—Spencer, L. F., R. L. and Lorenzo Hubble and Mrs. M. B. Eubanks, all highly honorable and excellent citizens. The deceased was a member of the Christian church and a man of honesty, integrity and usefulness. His days were much beyond the allotted span of life, but he retained his vigor to a remarkable degree and was as active as many men 20 years his junior. After a funeral sermon by Eld. George Gowen, at the Hubble church, a long cortege followed the remains to their resting place in the Lancaster Cemetery.

Sudden Death.

The death of Mr. William Hubble, which took place Tuesday, was quite a surprise and shock to the community. He was taken suddenly ill Sunday and was an intense sufferer until he expired. Mr. Hubble resided on his farm at Hubble, Lincoln county, and was one of the most prosperous and prominent citizens in that neighborhood. He was in his 84th year and had enjoyed good health nearly all his life. He was a large stock raiser, and, as he would handle nothing but the best, his animals always commanded top prices. Mr. Hubble was a member of the Christian church and a strictly honest and upright man. He leaves a widow and five children. They are Spencer Hubble, R. L. Hubble, Mrs. Mary Eubanks, L. G. Hubble and L. F. Hubble, of this city. Funeral services were conducted by Eld. George Gowen at the Hubble Christian church Wednesday afternoon at 3 o'clock. Interment in the Lancaster Cemetery.
