A HUBBLE DOUBLE TREE

ORIGIN OF THE FAMILY NAME

(Taken from "History of The Hubble Family")

History tells us that more than twenty centuries before the Christian era, Asia was inhabited by the ancestors of the Goths, and that eight centuries later numerous tribes of this nomadic race immigrated to Europe and scattered themselves over its various countries, Scandinavia being settled by the most war-like, and adventurous class.

In A. D., 789, the first Danes appeared in Britain, and about 867 Hubba, the Dane, and his band of barbarians, landed upon its shores.

In the historical account of Whitby Abbey, Yorkshire, England, the following occurs:

"This monastery continued in a flourishing state till about the year 867, when a party of Danes, under Hubba and Hinguar, landed at Dunesley Bay, two miles westward of this place, and encamped on an eminence on the east side thereof, still called Raven's Hill; which name it is supposed to have obtained from the figure of that bird being worked on the Danish ensign, which was there displayed. From thence, straggling into the country, they plundered and laid it waste, and among other depredations entirely destroyed this monastery, which lay in ruins for many years; the community being dispersed, only Titus, the Abbot, fled with the relics of St. Hilda to Glastonbury."

That Hubba and his band remained in Britain, the following historical facts offer conclusive proof.

"In 871, Hubba and Hinguar, took Saint Edmund, the King, prisoner at Thetford, in East Anglia. They offered him his life and kingdom if he would forsake Christianity, and reign under them. When he refused they tied him to a tree, and shot at him with arrows, and at last cut off his head. In the churches of Norfolk and Suffolk are to be seen pictures of him pierced with arrows. The Danes, at the same time, killed Humbert, Bishop of the East Angles, and after ravaging the country and burning the churches and monasteries, they went into Mercia, and carried on their depredations."

"Hubba, a Danish Chief, who, in conjunction with Hinguar, his brother, led a marauding expedition into the interior of Mercia, and took up their winter quarters at Nottingham, where they fortified themselves so strongly as seriously to threaten all that part of the island. They were, however, soon driven from this position, whence they retired into Northumberland. After causing much distress in this part of the island, we find them carrying on their depredations in Wales, and other parts of the west."

"In 875-6, Alfred, the Great, found the search of his enemies become more remiss. Collecting some of his retainers, they retired into the centre of a bog, formed by the stagnation waters of the Thome and Parret, in Somersetshire. He there found two acres of firm ground, and building a habitation on them, rendered himself secure by its fortifications, and still more by the unknown and inaccessible roads which led to it, and by the forests and morasses with which it was every way environed. This place he called Aethelngery, or, the Ile of Nobles. He thence made frequent and unexpected sallies upon the Danes, who often felt the vigor of his arm, but knew not from what quarter the blow came. He subsisted, himself and his followers by the plunder which

he acquired, he procured them consolation by revenge, and from small successes, he opened their minds to hope, that, notwithstanding his present misfortunes, more important victories might, at length, attend his valor. Alfred lay here concealed during a twelve-month, when news of a prosperous event reached his ears, and called him to the field. Hubba, the Dane, having spread devastation, fire, and slaughter over Wales, had landed in Devonshire, from twenty-three vessels, and laid siege to the Castle of Kinwith, a place situated near the mouth of the small river Tau. Oddune, Earl of Devonshire, with his followers, had taken shelter there, and being ill supplied with provisions, and even with water, he determined, by some vigorous blow, to prevent the necessity of submitting to the barbarous enemy. He made a sudden sally on the Danes before sun-rising, and taking them unprepared he put them to rout, pursued them with great slaughter, killed Hubba himself, and got possession of the famous Reafen, or, Enchanted Standard, in which the Danes put great confidence. It contained the figure of a raven, which had been inwove by the three sisters of Hubba and Hinguar, with many magical incantations, and which by its different movements, prognosticated, as the Danes believed, the good or bad success of any enterprise."

That the Hubbell Family is of Danish origin there is no doubt. All the heraldic ensigns relating to the family in all its branches, offer undeniable proof that it is of Scandinavian blood, and although I cannot prove from history that Hubba, The Dane, left descendants in Wales, where he had his last permanent encampment, there is no doubt that the original inhabitants of "Hubba-Hill", in Britain, were Danes, and it was there that the name and family originated.

According to the best works on the nomenclature of surnames, Hubbell is of local origin, and was derived from "Hubba", a Danish chief, and the Anglo-Saxon word "Hill", which, as everybody knows, signifies a small mountain.

From Hubba and hill, we have Hubba's-Hill. Several hills in Britain were so called from the fact that the celebrated Chieftain Hubba, camped upon them. From Hubba's-Hill the Hubhill was derived, and from Hubhill has come the surname, Hubbell.

Hubbell, to this day, is spelled in Wales, the early home of the Hubbell Family. In England, it has become Hubble; in France, Hubel; in Italy, Hubeli; while in Germany, it still retains its original form, Hubbell.

Richard Hubbell, the first man of the name in America was born in Great Britain, in 1627-8. Of his early history nothing is known. The date of his arrival in New England has not been preserved, but must have been between 1645 and 1647, for, on March 7th of the latter year, he took the oath of fidelity to the government of the New Haven Colony.

Like many of the inhabitants of Wales at the present day, (1880), he could not write the English Language.

In 1650, he married Elizabeth, daughter of John, and Granddaughter of Vincent Meigs, of Dorsetshire, England. Her Grandfather, (Vincent), was born in 1570, emigrated to America, and settled in Weymouth, Massachusetts. Was living in New Haven, Connecticut, in 1647. He afterwards removed to Guilford, and finally to what is now Killingworth, Connecticut, where he died in 1658. His will, dated September 2nd, 1658, was proved December 2nd, same year. His son, John Meigs, (born in England in 1600), married Miss Fry, (sister of William Fry), in England, in 1630, resided in Weymouth, Massachusetts, and in New Haven, Connecticut, in 1647. Removed to Guilford, Connecticut, in 1654, and to Killingworth, Connecticut, in 1663, where he was made a freeman in 1669. Was a tanner, had a large estate, and some books, of which one was a Latin and Greek Dictionary. He died in Killingworth, on January 4th, 1672."

"Richard Hubbell was admitted a planter in Guilford, Connecticut, February 25th, 1653-4 on purchasing Samuel Blatchley's lots and accommodations in his stead, and took the oath of fidelity May 4th, 1654. He appears also to have purchased the land and accommodations of John Baldwin on Oct. 16th, 1660, and the same work also states that, in 1657-8 a list was made of the freemen of Guilford, to which the dates of their subsequent deaths were added. When the work went to press the date of Richard Hubbell's death was given 1692.

In 1653 or 1654 he sold land to E. Perkins, and May 14th, 1655, was living in Guilford..... Shortly after he removed to Fairfield County, Connecticut.....

It would appear from the foregoing that Richard Hubbell knew something of surveying; however, this fact is immaterial, it is proven by all the records that he was a planter, a leading citizen, and an extensive land owner. He was continually exchanging, buying and selling land or giving it to his sons.

SULLIVAN DAVIS HUBBELL

Sullivan Davis Hubbell, of Hector, Schyler County, New York, son of John Hubbell and Phebe Davis, was born May 3, 1769, in New York State.

Having been trained to rely solely on himself in early life, he ever manifested those strong straits of self-reliance and industry that had been instilled into his youthful training, and which nerved him with strength to surmount all obstacles.

In 1806 he shouldered his well-filled traveling bag, and started for what was then called the "Lake Country", making the journey on foot, to the head of Cayuga Lake, where the village of Ithaca, Tompkins County, N. Y., now stands. Here he made the acquaintance of a man who had unimproved land to sell, and bought one hundred acres, where Hector, Schuyler County, N. Y., now is, for three hundred dollars, after which he returned to Providence, Saratoga County, N. Y., for his family, and started in August, 1807, with his wife and eight children, and all his household goods, in two wagons, each drawn by a yoke of oxen. They drove two cows before them, from which to obtain milk, camped where night overtook them, and arrived at what is now Ithaca, in about four weeks; from there he and his family had to travel fifteen miles in order to reach their new home, accomplishing the distance in two days.

On arriving at their destination, they were sheltered by the nearest neighbor until Mr. Hubbell built a log cabin, into which he moved his family two weeks after their arrival.

Exchanging one yoke of oxen and a wagon for meat and grain for the family, he bent the combined forces of an iron will and a physical constitution which seemed never to tire, to carving out a home in the forest which surrounded him on every side; and when the first year was drawing to a close, he had cleared and fenced twenty acres and sown it with wheat.

As the country was being rapidly settled, he engaged in speculating in wild lands, buying largely from the original owners, or those who had drawn land from the Government for services rendered in the Revolution. He probably owned during his life more acres of land in the town of Hector than any other man who ever lived there.

He was a man of keen perceptions and almost unflinching judgment; and until the infirmities of age compelled him to retire, was one of the most prominent men of the county in which he lived.

In September, 1812, he enlisted in the service of the United States, and marched to the Canadian frontier, where his business qualifications soon attracted the attention of the Commanding General, and he was at once commissioned to purchase supplies for the army, and continued to act in that capacity until his return home in 1814.

He was above the average height and very muscular, had a powerful constitution, and would labor unceasingly from daylight until dark, apparently without fatigue.

He was charitable to a fault, freely gave of his abundance to all who sought relief at his hands, and was never known to turn an applicant for food or work from his door.

He was elected to the various offices in the gift of the people of the town in which he resided, and all trusts committed to him were discharged to the entire satisfaction of his constituents and his own honor, and his descendants look upon his public and private

life as one they may well strive to emulate.

He died August 28, 1843; and his memory is cherished by all who knew him as an honest, charitable, religious man, and one of the noblest men that ever lived within the boundaries of Tompkins or Schuyler counties.

The fine homestead, consisting of four hundred acres, which he carved out of the dense forest, has, since his death, been owned by his descendants, and at present (1881) fifty acres (where the buildings and orchard were), are owned by his grand-daughter, Maxamilla Reynolds, the balance by her brother, Oliver C. Hubbell, and by the family of Charles W. Rathbun, a nephew.

STEPHEN AND MARY HUBBLE

Stephen and Mary were both born in New York according to Census Records, some time in the 1790's. Their oldest son Sullivan, and fourth child Henry, born 1817 and 1823 were also born in New York according to Census Records and word of mouth from older family members. They entered land in Indiana in 1827 - Johnson County, Nineveh Twp. and probably came there about that time. At this time it is thought that Stephen is the son of Sullivan Davis Hubbell who lived in Hector, New York (Seneca Co. in 1817, then Hector placed in Tompkins Co. until 1854, then Schuyler Co.) from 1807 until his death in 1843. He had a son Stephen born in 1796, probably in Albany County, New York, according to "History of the Hubbell Family" by Walter Hubbell published in 1881. However no other information can be found on Stephen and Mary prior to 1827. Mary's maiden name is not known. Mary died in 1875 and is buried by two of her children, David and William Nelson, in Hamner Cemetery near Amity, Indiana, Johnson Co. Stephen was involved in land transactions in Johnson Co. as late as 1866, but no further record can be found; the Hubbell book says the above Stephen died in Missouri. There was a Stephen Hubble family in the Lawrence Co., Ohio, Rome Twp., 1820 Census that fits, however sons Sullivan and Henry were born in New York before and after this. They were the parents of 12 children.

1. Sullivan Hubble born 1817, died 1897, married 1839 to Sarah Ann Miller, settled in Wayne County, Ill. about 1852, buried at Zif Twp. Cemetery.
2. Julia Hubble born 1819, died young after marriage to George Burkhart 1838, lived in Carroll Co., Missouri after about 1843 - had seven married children.
3. John Hubble born 1821, died probably in early 1840's after marriage. A John Hubble married Almyrah Rogers in 1844 and Nancy E. T. Mackey in 1846 in Johnson Co. An Allen Hubble living with Stephen and Mary in 1850 and 1860 Census-- born 1845 -- not their son per family record.
4. Henry Hubble born 1823, died 1907, married Elizabeth Noll 1844, settled in Wayne County, Ill. about 1852, buried at Zif Twp. Cemetery.
5. Simon Hubble born 1825, died 1846 at Camp Belnap, Ky. shortly after the entering of the Mexican War with Johnson Co. Ind. Volunteers.
6. Orange Hubble born 1827, died at early age--was alive in 1840 Census of Stephen Hubble family. An Orange Hubble in Carroll Co., Mo. 1850 Census living with Meth. Clergyman, Isaac Laucks. Orange died in a Texas Army Prison. Had a daughter, Julia, in Missouri.
7. David Hubble, born 1830, died 1849 of aeresipilis, buried by Mother.
8. Wm. Nelson Hubble born 1832, died 1853, buried by Mother.
9. Mary Jane Hubble born 1834, died 1914, married Absolem Abner Walker 1857, settled in Columbus, Ind. in late 1860's, buried there.
10. Joseph Hubble born 1836, died 1915, married Sarah Paskins 1859, lived in Johnson Co. until 1870's then settled Sullivan Co., Ind.
11. Rufus Ward Hubble born 1840, died 1923, married Clementine Burgett 1864, lived Johnson Co. until 1870's, then settled Sullivan Co., Ind. Was probably named after Nineveh Physician - Rufus Ward, Rufus was a twin to Ruth.
12. Ruth Hubble born 1840, died about 1863 after marriage to Thomas D. Paskins, had two children Alfred and Delila. Possibly buried in Nineveh Cemetery.

STEPHEN AND MARY HUBBLE ESTATE PROBLEMS
(as evaluated from Johnson Co., Ind. Court Records)

Stephen and Mary Hubble acquired 80 acres of land in Johnson Co., Nineveh Twp. Ind., Sec. 25, from the U. S. Govt. under the Homestead act, in 1827. They sold this in 1834 and bought 25 acres nearby in Sec. 26, Nineveh Twp. A year or so later they bought an adjoining 80 acres, however didn't obtain title until 1838 because the grantor evidently left before conveying the title after getting his money.

This 105 acres consisted of their total real estate holding in 1862 when Stephen became very sick and thought to be at the point of death. At this time sons Rufus Ward and Joseph, daughter Mary Jane Walker, and family of deceased daughter Ruth Paskins lived in the area. Presumably wanting to avoid estate problems, the children evidently talked Mary into deeding them the land. On Aug. 28, 1862 an officer brought the papers for signing, and Stephen's mark was obtained from his sickbed without his being conscious of the act or at least aware of the significance.

The 25 acres was deeded without money consideration to wife Mary during her natural life and at her death to son Rufus Ward Hubble. It would seem from this type of wording that the house would be on this parcel of land, however this is uncertain as an 1881 farm map shows no house then, some nineteen years later.

The south half (40 acres) of the 80 acres was deeded to daughter Mary Jane Walker for consideration of \$200 payable in two years and an additional \$400 payable in 18 years to Alfred and Delila Paskins, minor children of deceased daughter Ruth Hubble. Although Ruth Paskins tombstone says she died in July 6, 1863, this is either wrong or the papers were backdated including a note of the same date made by Mary Jane Walker for \$400 referring to Alfred and Delila Paskins, son and daughter of Thomas and late Ruth Paskins. Thomas D. Paskins, Ruth's husband, was brother of Joseph Hubble's wife Sarah Ann.

The north 40 out of the 80 acres was deeded to Joseph Hubble for \$100, although he didn't make any payment at that time.

Other heirs at this time were sons Sullivan and Henry Hubble of Wayne County, Ill. and daughter Julia Burkhart of Carroll County, Mo. or her children— Julia died sometime in the 1860's. Sons Simon, David, and William Nelson were dead and had no heirs having never married; son John is thought to have died in the 1840's, probably after marriage so may have had heirs, possibly Allen Hubble who was living with Stephen and Mary Hubble at the time of the 1850 and 1860 censuses; son Orange may have been alive as it is believed he was the Orange Hubble living with a Carroll Co., Mo., Methodist Minister at time of 1850 Census, but never since located.

Stephen Hubble recovered, and according to subsequent complaint filed with Circuit Court, was told of the land transaction by a member of the family. He evidently protested to such extent in 1863 that the three children involved tried to straighten their legal position by offering or making payments for the land. Rufus did get a new deed for the same 25 acres for \$1000 consideration. Stephen however evidently wasn't satisfied and hired a lawyer. Complaints were filed in the Sept. 1864 term of Circuit Court by Stephen against Joseph, Rufus, and Mary Jane. One of the Complaints, in describing the great injustices against Stephen, stated that he had worked the land for many years, had lived there, etc. and was still living there. The last phrase was crossed out. This and the tone of other language indicating Mary was legally a party to the suit but might not actually have her heart in it leaves the impression there could have been a split-up in the family.

The case was subsequently settled out of court. In 1867, following numerous transactions from 1863 to 1867 between members of the family involving the land, Stephen ended up with title to 20 acres from the south side of the original 80 acres and Mary had title to the 25 acre tract. Rufus still owned 20 acres, while Joseph Hubble and the Walkers (Absolem/Abner and Mary Jane) had sold out to others outside the family.

Stephen Hubble died sometime between 1867 and 1869, possibly in Missouri. The location of his death is not known at this time. There was evidently no action taken on the estate at his death.

In 1875 Mary Hubble died and was buried in Hamner Cemetery near Amith, Ind., Johnson Co. Rufus Hubble who seemed to be the only one of Stephen's children able to read and write, was appointed administrator. In 1876 he filed a paper saying Mary died intestate with personal assets of less than \$100. Whether or not he meant this to be the extent of official action is a matter of conjecture, but in any event he left some unpaid bills, complaints were filed, one by an unnamed party against the division of the estate, and the matter ended up on the November, 1876 Term of Johnson County Circuit Court docket.

The Court divided the 45 acres owned by Stephen and Mary equally among five heirs: sons Sullivan, Henry, and Rufus and the heirs of daughter Julia and Ruth. Joseph Hubble and Mary Jane Walker signed quit claim deeds to all estate rights, giving evidence that they had shared favorably in the previous land transactions. It must be assumed that all other heirs were dead at this time including Allen Hubble, whoever he was. The court listed Alfred and Delila Paskins as minors, (Harrison Paskins, guardian) to receive the one-fifth part of Ruth Hubble. John Burkhart and Julia Binard were listed as heirs of Julia Burkhart to receive the one-fifth - this must have been an error probably due to lack of knowledge as Census reports indicate that Julia was mother of seven living children, not counting Julia Binard of whom no further record has been found.

Rufus Hubble moved to Sullivan Co., Indiana before paying all of the bills. He was removed as administrator. The new administrator sued the heirs of the estate in 1878 to sell the real estate for settlement of \$360 bills over and beyond that covered by Mary's personal estate. A court order was received and the land advertised, however the bills were paid by the heirs and the court order was dismissed.

The heirs sold their land individually to Peter B. Reidenbach, who also married a Paskins sister of Joseph's wife and Ruth's husband. Sullivan and Henry Hubble sued him in 1880 to obtain payment from him. The Burkhart heirs, signed from Carroll County, Missouri; signing the deed were George S. and Sarah E. Burkhart, Ivory and Martha Burkhart, Wm. and Lucinda Burkhart, James and Mary E. Arteburn, John H. and Susan Haines, James and Margaret A. Jordan, John and Sarah B. Burkhart.

THE ZIF BAPTIST CHURCH HISTORY
1868 - 1968

The Zif Missionary Baptist Church was organized in 1868 by a group of dedicated believers. This organization was the results of a very effective revival consisting of seventy conversions. The revival was conducted by Elder Lewis Behymer in a school north of the present farm of Bro. Scott Hosselton. Lafayette McConnell conducted the singing during the revival. Elder C. Pean, a Baptist minister, was a resident of Zif during this time and assisted in the organization. He was the first pastor for a short time, until his death in 1869.

The next pastor of Zif was Elder Behymer from Noble, Illinois, and originally from Clarimont County, Ohio. Plans were made and the church erected their first building on land given them by Lewis Brummett. The Church deeded forty acres of land, located south of the Zif Cemetery to Elder Behymer. In return he was to preach "for the worth of the farm". A house was moved there for him. The same house still remains on land owned by Bro. Fred Hosselton. Elder Behymer remained pastor until approximately 1880. He served as a faithful Baptist minister until his death in 1892.

Zif Baptist Church was the first church to be erected in Zif Township. It was named after the township and the post office. The name Zif has Biblical significance. It is mentioned in I Kings 6:1, "Zif is the second Hebrew month." Zif also means blossom or flower.

The first deacons of the church were Henry Hubble and Asa Rogers.

In September of 1868, the church affiliated with the Olney Baptist Association, during their annual meeting held with the Noble Baptist Church of Noble, Illinois. The report of the Zif Baptist Church was: fifty-six baptisms; receiving 4 members by letter and 29 by relation, 1 excluded and 2 died. The Olney Association held their annual meeting with Zif in 1873.

The Mt. Erie Association was organized October 27, 1882 at the Indian Prairie Baptist Church. Zif became a member by letter of transfer from the Olney Association. Zif was the host of the fourth session of the Mt. Erie Baptist Association in 1886.

Elder A. J. Cable was pastor from 1881 to 1887. T. W. Dickey, H. C. Bickers, W. C. Stacer, J. R. Stroud, C. S. Crabtree, and A. Laughlin were some of the early pastors of Zif Church.

In April 1897, it was decided to build a new church house by business transaction of the church, due to the need of a larger building. The balance-on-hand was \$273.00. A finance committee was appointed to solicit funds for the new building. This committee consisted of Wm. Barnes, John Brummett, and W. H. Dennis. The church gave the building committee authority to build a new church in May. The size of the new building was 46' x 32' x 14'. This is our present building.

Construction of the building was by F. T. Banker. He received \$108.00 in full for labor. Orange S. Patterson received \$16.00 for plastering the building. The lumber was donated by Henry Hubble from trees on his farm. The pulpit was built by F. T. Banker. The cost of the bell was \$53.90.

The new building was occupied in March, 1897. The old seats were used while

new ones were being made by Ward Hubble, father of Bro. Lowell Hubble and Elmer McConnell. Dinner was served to them each day at the Tiff Burmnett home as pay.

The old church was sold to A. C. Padgett. After dismantling it, he built his home on a location south of the church.

W. N. Atteberry was ordained as minister during the pastorate of W. C. Stacer in February, 1895. C. O. McConnell and W. S. (Jake) Hubble were ordained as deacons in 1897. In January of 1899 the church granted Lafayette Behymer a license to preach.

C. S. Crabtree, W. J. Anderson, W. N. Atteberry, and J. P. Asa, John Jones, Bro. Prince, Ambrose Mayberry, J. F. Yates, F. J. Weir, Edd Keiger, J. R. Kessel, W. H. Golyd, and D. F. Brock were pastors from 1897-1925.

Elder G. W. Hall was pastor from September, 1925 to 1942. During his seventeen years of service, fifty-eight conversions were witnessed.

The church was wired for electricity in 1939. In 1943 the church went to half-time preaching. From 1942-48, J. O. Miller, Edd Keiger, F. J. Weir, and Roy Collins were pastors. In 1948 Elder Fred Gordon became the pastor. The church went to full time services in 1949.

The year of 1950 brought several changes; the interior of the church was redecorated, the church was moved east about twenty feet, and a basement was put under it and a gas furnace was installed. A dedication service was held for the basement on March 11, 1951 and the message was given by Bro. Otho Williams.

The church entertained the Mt. Erie Association in September, 1951. Bro. Gordon closed his ministry in 1952, with seventy-one additions during his pastorate. Archie Akers, LeRoy Lawler, Bob Phillips, Minor Butler, and Norman Judge were pastors from 1952-63. H. A. Dasch came to Zif in 1963.

The purchase of a new piano was made in 1953. The outside of the building was covered with asbestos shingles in 1957.

During 1957 the church ordained two deacons, Bro. Earl Yates and Bro. Gill Hosselton. (At the death of Bro. Earl Yates two more deacons were ordained, Bro. Raymond Skelton and Bro. Ronald Hosselton).

The church has had an active Woman's Missionary Union since 1951. At one time all of the auxiliaries were held. In 1968 the Sunbeams were reorganized. The first Vacation Bible School was held at Zif in 1950. It was not held annually until 1966. In 1967, qualifications were met and a Standard School was held. Plans are already being made for this year's Vacation Bible School, which will be held June 17-28.

The present membership is 125. Sister Eva Washington, a non-resident member is the oldest member since 1892. Bro. Edward Wells is the oldest resident member. (Both are deceased at this time)

During the year leading up to the centennial celebration of June 9, 1968 various projects were completed and others are in process. These included: blacktopping of the parking area, repairing and enclosing the bellfry, entire roof replaced, installation of aluminum doors, landscaping and an outdoor lighted bulletin board. The latter being a project of the "Young Married People's and Young People's Class". The basement was redecorated, this included painting of walls and furniture, a storage closet was built, and curtains placed on the windows. The ceiling of the auditorium was painted,

the center aisle and front of the church was recarpeted with new carpet. Also various other improvements were in the planning of being carried out either before or following the centennial celebration. *(End of the History by Nora Atteberry, Edie Wells and Madell Wells.)*

Since our Centennial in 1968 the Church has been paneled, new pews and new pulpit have replaced the old ones, the basement steps have been carpeted, the outside steps have been carpeted, metal shelves and a wall furnace to heat the basement have been added to the basement, and new fireproof doors have been added to the front and side entrances.

Our Pastor is Bro. Harold Davenport from Fairfield, Illinois. The present Trustees are Bro. Bill Hosselton, Bro. Leon Hosselton and Bro. James Bogle. The Deacons are Bro. Gill Hosselton, Bro. Raymond Skelton and Bro. Ronald Hosselton. Our Church Clerk is Sister Edna G. Gill and our Treasurer is Bro. Gill Hosselton. Our Sunday School Superintendent is Bro. Galen Pittman and our Woman's Missionary Union President is Sister Ethel Hubble.

Since both Sullivan and Henry Hubble were members of the Zif Church we felt it proper and fitting to add this bit of history to the history of their descendants.

THE FAMILY OF SULLIVAN AND SARAH ANN (SALLY) MILLER HUBBLE

Sullivan, the oldest, married Sarah Ann (Sally) Miller. Sullivan was born in New York. He came with Stephen and Mary, his parents, to Johnson County, Indiana, about 1828. Sullivan and Sarah were married on July 4, 1839. They bought 80 acres of land in Blue River Township, Johnson County, Indiana in 1847, being SE of SE of Section 8 and NW NW of Section 17, from John B. Baughan for \$275. In 1849 they bought Sarah's father's, James Miller, 80 acres being SW of SE of SE of Section 7, adjoining the other 80 acres. In 1851 they bought a ten acre strip along the north side of the Miller 80 acres for \$100. They sold all of this land, dated Dec. 16, 1852, on the deed. The deed acknowledged in Wayne County, Illinois. They came to Illinois in the wintertime of 1852. James, the oldest boy, age nine years, drove one team and wagon. His feet were frozen on the journey but he recovered.

Sarah operated a hotel for a year in Maysville, an old town at the south edge of where Clay City is now located. Sullivan bought land in Zif township, Wayne County, and began preparing to locate there. He bought about 200 acres at first, including the 40 acres where they built their permanent home. It is now owned by Goldie Schofield. They later owned several hundred acres. All of this land was directly south of his brother Henry's land, he, too, having come to Wayne County at about the same time.

A year later (or two) Sullivan began buying land near the Mayo Hole on Elm River. He bought 100 acres there, more or less, and built a house and water mill. Where the family lived for a year or so, the river conditions proved unsatisfactory so they permanently located on the first tract of land purchased. At first, they built a small frame house, the one now standing. They built a large horse barn and later a large cattle barn now standing, with huge hand hewed timbers. The little frame house was about ten feet west of the present house, and has been moved against and become a part of the big house. They came to own several hundred acres of land. They gave each child a farm at marriage. All these farms adjoined the home farm or were near it. Sarah and Sullivan are buried at Zif Cemetery. Their children were:

1. Mary Elizabeth, born April 9, 1841, married Mark Duke
2. James, born July 25, 1843, married Mary Ann Lebus
3. Simon Francis, born Nov. 6, 1845, died Sept. 3, 1852
4. Daniel Washington, born Oct. 16, 1847, died Sept. 28, 1852
5. Patsy Ann, born Sept. 1, 1849, died April 23, 1850
6. Sarah Anna (Mary Ann on stone), born Oct. 23, 1851, married Dan Sharp
Lafe Behymer
7. William Travis, born Feb. 9, 1853, died Sept. 13, 1865
8. Grenville Miller, born Apr. 26, 1855, married Eliza Padgett
9. Wesley Salathiel, born Feb. 26, 1857, married Ollie Sandlin
10. Eli, born Sept. 25, 1858, married Nice Rhodes, Sara Brummett
11. George W., born Jan. 11, 1860, died Jan. 30, 1861
12. John, born Dec. 22, 1861, died Jan. 11, 1942, married Samantha Johnson

The parents of Sarah Ann (Sally) Miller
Wife of Sullivan Hubble

Sarah's father was James Miller, born in Virginia May 14, 1803, and died in Wayne County, Illinois, in 1853. Her mother Elisabeth Stowers, born in Virginia March 25, 1804. She died between 1826 and 1833, probably. He moved to Johnson County, Indiana about 1828. She may or may not have been living then. James and Elisabeth had three children:

Sarah (Sally) born June 11, 1822 in Virginia
Travis born Oct. 7, 1824 in Virginia
Greenville born Nov. 9, 1826 in Virginia

James Miller's second wife was Lucinda. James and Lucinda had six children:

Wesley born 1834 in Indiana
Elizabeth born 1836 in Indiana
Sopha born 1838 in Indiana
Margaret (Dunn) born 1842 in Indiana
Nancy Ann (Gloyd) born 1844 in Indiana
Marion born 1846 in Indiana

James Miller's third wife was Patcey Bridges who had four children by a previous marriage:

Sarah Ann Bridges
Alford Bridges
Susan Bridges
John W. Bridges

James and Patcey had a child named Daniel Miller.

James Miller and family came to Wayne County, Illinois from near Nineveh, Indiana about 1849. His son, Greenville and family also came, probably later. When Greenville Miller came, he brought a family of Negroes, who lived for several years in a cabin near the Sullivan and Sarah Hubble home. James died in Wayne County in 1853.

Sarah's mother was Elisabeth Stowers, daughter of Travis Stowers, Sr. and Elisabeth Blankenship. Travis Sr. was a son of William Stowers who was a son of John Stowers born in 1696. William Stowers lived in Culpepper County, Virginia. He and his brother Mark having emigrated there from the New England colonies where they were born. Travis Stowers Sr. was born in Culpepper County. His father William later later moved to Giles County in Western Virginia, and is buried in adjoining Bland County. Travis Sr., Sarah Hubble's grandfather, probably lived in Giles County until he went to Indiana. His daughter, Elisabeth, Sarah's mother was probably born in Giles County. She married James Miller, Sarah's father, in Virginia and they went to Indiana, to Johnson County, at about the same time as her father Travis Stowers Sr. Sarah was probably born in Giles County. There is some evidence that part or all of them lived in Cabell or Wayne County on the Ohio River, now a part of West Virginia before finally leaving for Indiana. Sarah may have been born there. She was about six years old when she went to Indiana. Travis Stowers Sr. lived about three miles east of Franklin, Indiana, Johnson County. James Miller and family lived about four miles south of Franklin, near Amity. Travis Stowers' son, Travis Stowers Jr., an uncle of Sarah Hubble was married twice and had nineteen children. He lived north of Indiana about twenty miles near Kirklin. Many descendants live or have lived there.

JOHN HUBBLE AND SAMANTHA ELLEN JOHNSTON

John Hubble and Samantha Ellen Johnston were married Dec. 21, 1879, about four o'clock in the evening at Squire Davidson's. He lived in a log house on the Tim Jordan farm on about the same spot where the house now stands. This house is one quarter mile west of the Carl Robinson cross roads and is where Weldon's hand was hurt in a cider mill. On the wedding day it was pouring rain, and the bride was the only lady who made the trip, others being forced to stay home because of the rain. The bride and groom traveled in a top buggy belonging to John's mother, Sarah, the only one in the neighborhood. Traveling horseback, the others in the party were her Uncle George Johnston, William McCracken, Seymour Brown, W. S. (Jake) Hubble, W. T. Johnston, and Bill Zimmerman. The bridal party started from Uncle George Johnston's and returned to John's parents' home where his mother served a bountiful wedding supper. Jake's wife Greenville and wife, and others were present there also. There was no charivari as that was not allowed by John's father, Sullivan.

They went to housekeeping in a one-room log house, about forty rods south of the bride's old home. Samantha Ellen had heired 105 acres of the home place. This log house was probably where her parents first lived. It was on a little bluff which is there. The family of children had continued to live in the big house after Catherine and James Ulm died. But about six months before Samantha's marriage, the farm was divided and William Johnston, being then married, got the home forty acres. During the six months, she lived with her uncle George Johnston. Her brother Lafayette had become owner of the part where Clyde Hockman's live and lived there until the farm was divided when he built a house where Wes Feller lives. John and Samantha lived in her log house only a week because Sullivan Hubble purchased a forty acre tract, gave it to them, and they moved to the land purchased which has become the homestead. For a year they lived in a one room log house, stick chimney, no window, one door with wooden hinges, The house was south of the present house, about 100 yards south of the oil tanks and west of the oil road. William Dennis, Grandfather of Dan Dennis, had built the house and lived there until Sullivan bought it. A log stable was south of the house, just south of where the fence used to be. A year later, a new frame house was built over on the road, which is part of the present house. William Dennis had planned to build there, a well had been dug, and an orchard planted. The original house was the present living room, dining room, wardrobe, then a pantry, and the back bedroom with a fireplace on the east side of the living room, the smoke house and barn were built then.

Following is a list of things with which they started house-keeping in the first log house mentioned: Two bedsteads, cook stove, table, six chairs, bureau, safe, stand table, iron kettle, utensils and bedding. All this with the exception of possibly the utensils and bedding were a wedding present from John's mother, Sarah, all bought new at Clay City. The solid walnut safe, the kettle and the marble top, solid walnut bureau are still on the farm.

The first child which only lived five days was born prematurely. She was born in the old house with the stick chimney. In those days, it was the custom to name babies quite some time after birth, so she was not named. Let us name her Ellen, after her mother and grandmother Johnston. The other children were all born in the new house. Those including Weldon and on down were all born after the house was enlarged about 1897.

When married, John had two gold dollars; one a present from his mother at

the age of fourteen and he traded a silver dollar to her for the other. She had heired this gold from her father's estate in Indiana. They kept them, so this one family was never broke. Samantha had a cupboard, still in the old home, which she bought at Lafayette's sale when he sold out and went to Oklahoma. It is now about 140 years old. Her mother had it when she started keeping house, also an old Bible, which is now over 150 years old. John had a Bible, a present from his mother, bearing his name in gold, which has been a book of great interest to all their children.

John, at first, had a team, Molly and Fanny. Molly had a colt named Queen, and Fanny had one named Nell. Both colts were light gray. Queen had a colt named Blue Jay, a blue gray. He died as Samantha and John were preparing to celebrate their 50th wedding anniversary. Queen and Nell were remembered everywhere, living long lives of useful service. Blue Jay was a chip off the old block.

Twelve acres of land were cleared and the remainder of the first forty acres was timber, the cleared land being a small patch where the house now is, but not the barn lot, the orchard, where a young orchard had already been planted and cleared field, somewhat west of the log house.

SAMANTHA ELLEN JOHNSON'S GRANDPARENTS ON HER FATHER'S SIDE

Samantha Ellen's grandfather and grandmother on her father's side were John and Mary Ellen Johnston, usually now spelled Johnson in Wayne County, Illinois. They lived in Carroll County, Ohio, having immigrated there from Northumberland County, in East Central Pennsylvania. He was and she probably was Pennsylvania Dutch. From Ohio their children came to Wayne County, and then the parents came. The parents, John and Mary, lived on and owned the forty acres on the east side of the Walter Clay or Sam Trotter lane about a mile west of the Gid Miller crossroad. John was born in 1778 and died in 1848 and Mary was born in 1780 and died 1861. She lived in the same place and house after he died. That forty acres was called the "Granny Forty" for many years afterward. Both are buried in the Barth Cemetery. They had five or more children.

1. John Jr. married Romilda, born 1825, died 1852, buried in Barth Cemetery, Wayne Co., Ill.
2. Mary Jane Johnston married Mark Duke, born April 26, 1812
3. Eli Johnston, born Sept. 26, 1815, died July 2, 1862
Catherine Adams, born Dec. 6, 1823, died Dec. 20, 1875
4. Andrew Johnston, born 1824, died 1910, buried in Shaw Cemetery, Wayne Co., Ill., married Susan A. Shaw, born Apr. 30, 1825 in Tennessee, dau. of William Washington Shaw and Margaret (Campbell) Shaw, died 1897, buried in Shaw Cemetery.
5. George Johnson (Johnston), born 1826, died 1915
Nancy Trotter, born 1828, died 1892

SAMANTHA'S GRANDPARENTS ON HER MOTHER'S SIDE

Eli was Samantha's father. He married Catherine Adams, daughter of John and Patsy Adams, Nov. 12, 1840 in Carroll County, Ohio. They at once came to Wayne Co., Illinois. Catherine was born Dec. 6, 1823 in Carroll County and died Dec. 20, 1875. She was of English descent and a relative of John Quincy Adams.

SAMANTHA'S PARENTS

Eli and Catherine located on land which included the Zelma and Clyde Hockman farm and land adjoining it on the west. This is across the road from the "Granny Forty". They probably lived in a log cabin at first, at least three cabin sites being on the farm. They later built a nice frame five room house with a portico across the

south front. They also built a large heavily timbered barn. This house was on the high knoll about a quarter of a mile south of the present road, and west of the fence between the Hockman farm and the old home site. The Hockman farm was then part of the Johnston farm. The home was reached by a lane running south and across Elm River at a crossing to the Enterprise vicinity and a lane running north. A depression, formerly a cellar, shows the location of the house. The barn was east of the fence. A cistern shows its location. The cistern was inside the barn. The house and barn were torn down years later and the lumber used by Lewis Trotter who bought the 40 acres, in building the present house and barn north on the road. The back doors of the present house were the front doors of the old house. Part of the barn was also used in building the barn at the Wes Feller home, then belonging to Lafayette Johnson, Eli's son. Eli Johnston enlisted in the Union Army, Co. E, 63rd Regiment at the start of the Civil War. He was 46 years of age. He served until 1862 and came home on a furlough in poor health. He died of typhoid fever July 2, 1862. After being left a widow, Catherine married James Q. Ulm in 1863. Eli, Catherine and James are buried in the Barth Cemetery, as also 5 children.

Eli and Catherine were the parents of ten children:

1. Henrietta Johnston, born 1812, died 1842
2. Sanford Johnston, born 1845, died 1848
3. Romilda Johnston, born 1849, died 1850
4. Lafayette Johnston, born 1851
married Carrie Gill
5. John Adams Johnston, born 1854, died 1862
6. Teresa Johnston, born 1859, died 1860
7. William T. Johnston, born 1859
married Addie Elliott
8. Samantha Ellen Johnston, born Oct. 29, 1861, died Oct. 26, 1940
married John Hubble

Catherine and James Ulm were parents of one child:

1. Elizabeth Ulm, born 1865
married Jacob Gill

HENRY AND ELIAZBETH HUBBLE

The 1850 Census of Johnson County, Blue River Twp., Indiana shows that Henry Hubble was House # 591 - page 212. It lists in his household the following: Henry Hubble, age 27, Laborer, born in New York and his Real Estate as worth \$200; Elizabeth, age 26 born in Indiana; Sarah, age 4; James, age 1; Ellen Noel, age 15, (a sister to Elizabeth); and Nancy Noel, age 51, born in Virginia (Elizabeth's mother) Elizabeth and Henry were married by Henry Woodward, Presby. Minister on Jan. 24, 1844

The 1860 Federal Census, Wayne County, Ziff Twp., page 192, line 29 lists:

Hubber, Henry, age 37, farmer, born in New York
 Elizabeth, 36, born in Indiana. (It lists Ia.)
 Sarah A., age 15, born in Ia.
 Wm., age 10, born in Ia.
 Mary J., age 8 born in Ill.
 Joseph, age 5, born in Ill.
 James T., age 3, born in Ill.
 Noll, Nancy, age 60, born in Kentucky (Notice the 1850 says Virginia)
 Ellen, age 25, born in Ia.
 Margaret, age 9, born in Ill.

This enumeration was taken on Sept. 5, 1860. We have no way of knowing whether the census enumerator used the abbreviation "Ia" to mean Iowa or Indiana. (We presume Indiana).

The 1870 Census, Wayne County, Ziff Twp., page 262B, line 32 lists:

Hubble, Henry	47	born in	New York
Elizabeth	47		Indiana
William	20		Indiana
Mary J.	17		Illinois
Joseph	15		Illinois
Margaret	15		Illinois (Notice difference in name and age from 1860 list)
Thomas	13		Illinois (James T.)
Ruth A.	9		Illinois
Nancy A.	75		Virginia
Elias T.	76		Virginia
Ellen	38		Indiana

This enumeration was taken on June 13, 1870

The 1880 Federal Census, Wayne County, Ziff Twp., page 103A, line 38 lists:

Hubble, Henry, age 57, farmer, New York,	New York	New York
Elizabeth, 56	Indiana	Kentucky
Ruth 17	Illinois	New York
Noll, Nancy 86	Mother-in-law, Va.	Virginia
Holester, John 14,	Servant Indiana	Indiana
Tinsley, Ellen 45	Sister-in-law, Indiana	Indiana

This enumeration was taken on July 29, 1880.

From these records we gather that Nancy and Ellen, Mother and sister of Elizabeth, came to Illinois with Henry and Elizabeth. Apparently they had lived with them in Indiana also. According to those who knew and remember the family, the Margaret listed on the census, first as Margaret Noll, then as Margaret Hubble, was the daughter of Henry Hubble and his sister-in-law, Ellen. Ellen later married Elias Tinsley, then

Meriday G. Wilkison. Ellen and Meriday Wilkison have a stone at Zif Cemetery. Ellen is listed as being born Aug. 3, 1834. No death date is on the stone for her. Meriday is listed as being born Oct. 14, 1817 and died Mar. 30, 1907. Margaret became the second wife of Mark Duke. She was born Jan. 8, 1856 and died Mar. 9, 1938. She is buried at Mount Meta Cemetery in San Benito, Texas.

THE FAMILY OF HENRY AND ELIZABETH NOLE HUBBLE

Henry was the fourth child of Stephen and Mary Hubble. He was born in New York May 2, 1823 and died in Zif Township, Wayne County, Illinois, on March, 1907. He came with his parents to Johnson County, Indiana about 1828. He married Elizabeth Nole on Jan. 24, 1844. She was born Oct. 16, 1828 and died Nov. 13, 1894. Both she and Henry are buried at Zif Cemetery in Wayne County, Illinois. Henry and his family came to Wayne County, Illinois about the same time as his brother Sullivan in 1852. His holdings were largely in Zif Township, while Sullivan's lay to the south. The History of the Zif Baptist Church states that the first deacons of the church were Henry Hubble and Asa Rogers. The new building which was erected in April and following months of 1896 was built from lumber donated by Henry Hubble from trees on his farm. It was ready for occupancy in March, 1897. He and Elizabeth were the parents of 9 children.

A lot of thanks go to a lot of people. Especially to those who so willingly gave their family information that it might be used. The early history was through the efforts of the late Ora Hubble and Leroy Hubble. The family listings were gathered through correspondence with a member or members of each family. There will no doubt be errors and conflicting dates but maybe these can be overlooked and the main information be of interest to those who have helped to put it together. Many, many thanks to all.

Here is just a little advice to those who might be thinking about putting together such a listing:

With each little fact that is given
There's a message we can't rescind,
"Don't go searching for Ancestors,
For your search will never end!"
